Cabinet interior chosen will determine the color of standard end panels and metal drawer box bottom.

*Metal drawer box side is gray. Metal drawer bottom and back will match cabinet interior color chosen (Natural Maple, White or Gray).
Wellborn’s Environmental Belief Statement

It is Wellborn Cabinet, Inc.’s corporate-wide goal to fully incorporate leading environmental practices, policies, and standards throughout our enterprise – from our suppliers through final delivery to our customers. Our environmental responsibility extends to selecting, educating, and embracing suppliers based on their commitment to similar environmental practices, including the use of sustainable or recycled raw materials as well as low emission products.

Environmental stewardship has been part of Wellborn’s culture since its beginning. This has been proven through decades of actions, investments, and practices. The Green Choice program ensures that you are purchasing a brand of cabinets from a company that takes conscious steps to protect and minimize the overall impact on our environment.

At Wellborn, we have recycling programs that utilize wood waste to generate power and steam and continue to lower VOC emissions through technology. We partner with our suppliers to improve their environmental programs. We also partake in certification programs, which guarantees that our manufacturing process reduces the effects on the environment.

Wellborn continuously searches for new technologies and processes to improve our sustainability practices. We will continue to partner with our suppliers and industry associations in a joint effort to embrace the changes necessary and ensure that we all have a healthier environment. Wellborn’s demonstrated commitment to environmental stewardship offers you the assurance that the cabinets you buy are the Green Choice for generations of family and the environment.

KCMA Environmental Stewardship Program Certification

Wellborn endorses the industry-wide efforts and commitment of the KCMA organization and its Environmental Stewardship Program (ESP). The ESP certification program establishes a standard, measurable benchmark for environmental performance. This certification validates our performance to adhere to high standards for air quality, product resource management, process resource management, environmental stewardship, and community relations. You will find the KCMA Environmental Stewardship Program seal proudly displayed on our cabinetry.
